KNOLLWOOD CEMETERY,

IN CANTON AND SHARON, MASSACHUSETTS.

AN IDEAL PLACE.

BEAUTIFUL TOPOGRAPHY.

PERFECT IN GEOLOGICAL FORMATION.

It must and will be the best and most beautiful Cemetery in
Eastern Massachusetts.

"KNOLLWOOD," PRIVATE STATION.

THIS is a modern "Lawn Cemetery," and the fact of its being located on the main line of the New York, New Haven & Hartford Railroad makes it easily accessible to the suburbanites, giving them all, and many more advantages than the large city cemeteries offer.

We now have several acres prepared, and are offering lots of all sizes in choice sections for less than one quarter the price demanded by other modern cemeteries. We also wish to call especial attention to the fact that all our deeds have the "perpetual care" clause, and our patrons can rest assured that their lots will be kept in good order for all time at no expense or care to themselves.

Our private station is fitted up with every convenience, having a ladies' waiting room and toilet, general waiting room, gents' toilet, office, etc., and the advantages it affords are at the free use of lot proprietors and visitors.

The general waiting room is sufficiently large to admit of its being used as a chapel for funeral services, and arrangements for its use can be made with the Comptroller.

Courteous and willing attendants are always at our private station to give full information to lot proprietors and visitors. Carriages are also at our station, and are at the disposal of lot proprietors and lot viewers for the purpose of going over and inspecting the property.

Further information will be cheerfully furnished, either at the City Office, 231 Tremont Building, or at the ground.

Correspondence Solicited.

TEMPORARY ASYLUM — FOR — Discharged Female Prisoners.

ESTABLISHED 1864.

Founder, Hannah B. Chickering. Superintendent, Mrs. Elvira D. Whitney.

"THE DEDHAM HOME."

THE OBJECT OF THIS HOME is to care for women after their discharge from prison or any reformatory institution, and for girls and women placed by the Judge on probation. Children with unfortunate mothers are admitted to the home and carefully provided for. Their stay varies according to circumstances. While under our charge, they receive training in sewing, laundry, and housework. Every means is used to raise their tone, mentally, morally, and spiritually. The nursery offers a safe and happy home to children under five years who come with their mothers.

Family Washings done by the dozen a specialty.

ATTLEBORO, MASS.

Situated in the northeast corner of Bristol County, adjoining Norfolk County at the south, on the Providence division of the N. Y., N. H. and Hartford R. R., 32 miles from Boston, and 12 miles from Providence. In area it has 27-6 square miles. It is the busiest town in New England, and ranks the 47th place of importance in the Commonwealth.

The Attleboros are the largest and most famous jewelry manufacturing district in the world, giving employment to a large number of skilled hands in the designing and producing of choice goods for the jewelry trade. Large shipments are made to every trading point on the globe. Attleboro jewelry is known the world over, and its excellence is vouched for in the European markets by retail traders, who have very positive guarantees upon their goods as having been manufactured in Paris.

Attleboro has a fine water power. The "ten mile river" rises in Wrentham, and runs through the Attleboros into Seekonk Cove. On this stream are located many of the principal manufacturing establishments. Attleboro is one of the earliest settlements in the Old Colony, and was purchased of Alexander, the elder brother of King Phillip, in 1666, by Capt. Thomas Willett. The town originally included Cumberland, Rhode Island. Time of King Phillip it was the site of Woodcock's Garrison.

Incorporated October 19th, 1694, it has steadily marched to the front to its present commercial and industrial importance. It has made rapid strides in population and manufacturing interest in the past few years. With its merchants prosperous and industrious, the conditions cleanly, its churches and chime bells, its streets and avenues, its abundant water supply, its efficient public schools, its well-equipped and finely managed street railways, live daily newspaper, magnificent opera house, with its several new buildings for manufacturing purposes, together with an efficient fire department, Attleboro, it would seem, would continue in its prosperity, and unless some unknown calamity comes, it would seem impossible for any combination of circumstances to arrest its growth either as a place with superior business advantages or as a healthy and growing township.

Attleboro enjoys direct electric street railroad connection via Wrentham, Franklin, and Dedham with Boston, and with Taunton via Chartley, Norton, and with Providence via Pawtucket, and with Foxboro via Wrentham. Its railroad facilities for shipment of freight and passenger service are most excellent. Population United States census 1890, 7,577. State census 1895, 8,288. Valuation, Real Estate, \$5,055,937. Personal Property, \$1,325,031. Total, \$6,380,968. Number of Polls, 2,729. Rate of Tax, \$17.00.

WRENTHAM, MASS.

Wollonopauge (the old Indian name for Wrentham) was first settled in the year 1661, and was named Wrentham from a township by that name in England. Located in the southern part of Norfolk County, twenty-six miles southwest of Boston and fifteen miles from Dedham, on the Providence Division of the N. Y., N. H. & Hartford R. R.

The town was a part of Dedham until its incorporation in 1673. The surface of the town is pleasantly diversified by hills and valleys. The highest elevations are 456 and 486 feet above the sea level.

Interesting and picturesque views of Massachusetts and Rhode Island may be enjoyed on clear days. From the highlands and Lake Pearl, branches of the Charles and Neponset Rivers rise.

Wrentham ranks the one hundred and forty-fifth place of importance in the Bay state, and its area is 32.2 square miles. It has direct electric car service with the Attleboros via Plainville, with Foxboro, Franklin, Dedham, and Boston.

The villages of the township comprise South Wrentham, Plainville, Sheldonville, and Shepardville. Population, United States census 1890, 2566. State census 1895, 2584.

DEDHAM, MASS.

Shire-town of Norfolk County, 11 miles southwest of Boston, on the Providence division, and 13 miles from Boston, on the Dedham branch, Midland division, of the N. Y., N. H. & H. R. R. Incorporated September 8th, 1836. Watered by the Charles River on the west, and by the Neponset River on the east, and by "Mother Brook," so called, a canal or artificial river of about three miles in length, passing from the Charles to the Neponset. This canal was the first canal built in the United States, within ten years of the first settlement of Boston. Dedham has 6.0 square miles and is the 59th place of importance in the state, and includes the villages of Ashcroft, Connecticut Corner, East Dedham, Elmwood, Endicott, Federal Hill, Germantown, Green Lodge, Jerusalem, Mill Village, Oakdale, Riverdale, Sandy Hill, Stone Haven, Walnut Hill, and Westfield. It is the birthplace of the great statesman, Fisher Ames, a close and honored friend of George Washington. The Fisher Ames schoolhouse on Washington street stands a fitting monument to his memory. The Dedham Historical Society has rooms where a very large collection of interesting antiquities are on exhibition. As a place of residence Dedham presents unusual attractions. It is a quiet, law-abiding community, numbering among its inhabitants many people of culture and refinement, and contains within its borders some of the most elegant and expensive estates in the Commonwealth. Connected by electric railway to the south with Medfield, Foxboro, Millis, Medway, Milton, Franklin, Wrentham, Attleboro, Pawtucket, Providence, and Woonsocket, and with Norwood, Milton, West Roxbury, Roslindale, Hyde Park, Forest Hill, and Boston. Population, U. S. census 1890, 7,123. State census 1895, 7,211. Valuation, real estate, \$7,098,975, personal property, \$1,329,103. Total, \$8,428,078. Number of polls, 2,003. Rate of tax, \$16.80.

SHARON, MASS.

The healthiest and it is said "the best town in the Commonwealth to live in." It was the original second parish of the town of Stoughton, and was incorporated, 1765, by the name of Stoughtonham, but was soon changed to the more euphonic and Scriptural name of Sharon. It is the most elevated town in Eastern Massachusetts, and its natural scenery is exceedingly beautiful and picturesque, and the natural drainage is almost perfect. It is at the summit of the watershed of the Neponset, the Charles, and Taunton Rivers, and although a very large town of 24.2 square miles, not a drop of water runs into it from any other town, but water runs out of Sharon into each of the several adjoining towns. The air and the water of Sharon can never be polluted by poor sewerage of its neighbors. Its high elevation, from two hundred to five hundred and thirty feet above the sea level, and its extensive pine forest, together with the gravelly nature of the soil, account for its noted healthfulness. Its pure, invigorating air is dealt out alike to all, as at the distant mountain resorts. Some undiscovered law causes a large amount of ozone to always exist in the air, making it extremely agreeable to those who are well, and especially to those hunting for health. Sharon's wonderful pure spring water is widely known for its absolute purity and health-giving properties, and is as free as the soft and balmy air. A comparison side by side with the justly famous Poland Water :

Sharon has always voted unanimously at its town meetings for the past thirty years to give every cent the school committee asked for the liberal education of its children. For thirty years the vote has been unanimous without question for every reasonable purpose and improvement, even to having its lakes well stocked with fish. The scenery, its lakes, walks and drives, its delightful, invigorating air and pure water, its schools and churches, together with its high social standing indeed makes Sharon a paradise on earth, freely to be enjoyed by those so fortunate as to get within its borders. It is located 18 miles southwest of Boston, and 26 miles north of Providence, on the Providence division of the N. Y., N. H., and H. R. R. United States census 1890, 1,634. State census 1895, 1,717. Valuation, real estate, \$1,656,860, personal property, \$178,302. Total, \$1,835,162. Number of polls, 523. Rate of tax, \$12.00.

CANTON, MASS.

Punkapog, the Indian name in 1650, was incorporated the town of Canton, February 23d, 1797. It was formerly the first parish in the old town of Stoughton. Natural scenery of the town is beautifully diversified and picturesque. "Punkapog Pond" is a beautiful sheet of water and has been the favorite resort in years past for fine fishing. The lands between Canton and Stoughton one can hardly believe were once rightfully called "Mount Hunger Fields." Blue Hill, 635 feet above the sea level, and the highest land near the sea coast of Massachusetts, is situated partly in Canton and partly in Milton. From its summit is a magnificent view of Boston and its harbor, of the ocean and the surrounding country. The east branch of the Neponset River and several large ponds and reservoirs give Canton an extensive water power. The viaduct, one of the first railroad structures of any magnitude built in New England, is a massive piece of masonry, and is today regarded one of the greatest of engineering achievements of railroad building. Canton is located 11 miles southwest of Boston, on the Providence Division of the N. Y., N. H. & Hartford R. R. Connected by electric car lines with Stoughton and Milton lines.

Its area is 19.2 square miles and ranks the ninety-fifth of importance in the state. U. S. census 1890, 4538; state census 1895, 4636. Valuation, real estate, \$2,630,180, personal property, \$1,251,290; total, \$3,881,470. Number of polls, 1,288. Rate of tax, \$16.00.

EASTON, MASS.

A veritable New England gem of a town, with its rural and architectural charms, the ideal home of the Ames family, with their magnificent monuments of architect and landscape, a paradise befitting the memory of Hon. Oliver Ames, Governor of the Commonwealth in 1886, 1887, and 1888, and once the president of the Pacific Railroad, and Hon. Oakes Ames, Congressman and builder of the Pacific Railroad. The township was originally a part of the Taunton North Purchase from the Indians in 1668. Incorporated December 1, 1725. In area it includes 29.3 square miles and the villages of North Easton, Eastondale, Furnace, South Easton, Easton Center, and Unionville. Located 24 miles south of Boston and 12 miles north of Taunton, on the Taunton Division of the N. Y., N. H. & H. R. R., and connected by electric car service with Brockton and Mansfield. Population, U. S. census 1890, 4,433; state census 1895, 4,452. Valuation, real estate, \$1,945,212; personal, \$2,738,518; total, \$4,683,730. Number of polls, 1,321. Rate of tax, \$9.00.

RANDOLPH, MASS.

A fine typical New England village, 15 miles south of Boston, on the Plymouth and Taunton Divisions of the N. Y., N. H. & H. R. R. It has just 10 square miles in its territory, including the villages of Tower Hill and West Corners, and is the one hundred and eleventh place of rank in the Commonwealth. It is a busy manufacturing town, shipping large quantities of boots and shoes to the markets of the world. Boxes, Carriages, Cigars, Fertilizers, Pumps, Suspenders, and Toilet Articles are among its products. The home of Anti-Achers and Polar Salve, remedies that have the endorsement of the highest critics in the land. Connected by electric railway with Avon and Brockton, So. Braintree and Quincy, Milton and Boston. Population U. S. Census 1890-3,946. State Census 1895, 3,695. Valuation, Real Estate, \$1,631,100. Personal Estate, \$259,750. Total, \$1,890,850. POLAR SALVE.

An invaluable Family Remedy. It has no equal for the speedy healing of Burns, Scalds, Piles, Old Sores, Frost Bites, Chapped Hands, Sun Burns, Sore Lips, and all Eruptions of the Skin.

Recommended by Physicians and used by them in daily practice. The following testimonial is one of many we receive every day.

POLAR SALVE CO., RANDOLPH, MASS.

Gentlemen: I wish again to send you a word of praise for your Polar Salve. I had a bad attack of piles; the usual sure cures had no effect; I was all run down; as a last resort I used Polar Salve, and without much faith of its doing me any good as I was discouraged with everything. Well, in three days I noticed an improvement, and in a week's time I was entirely cured. I am glad to give you this information if it will help some one else to a cure.

Respectfully Yours, F. A. RICHARDSON, Assistant Director, Boston Police Signal Service.
